Description Residence Bouganville

The Bouganville complex is built around the swimming pool and has a number of semi-detached bungalows in addition to the apartments. There are well-maintained paths and neatly landscaped gardens with occasional seating under the garden plants. Next to the pool is a pool bar where you can have a drink. When the pool bar is closed, snack and drink vending machines are available to guests. Around the pool is a solarium/sun terrace with free sunbeds and a covered table tennis table. For those looking for shade, there is also a corner where you can get out of the sun under the shelter of the roof.

Neighbourhood

Costa de Antigua is only 7 km from the airport and 2 km from the large resort of Caleta de Fuste. You can walk to Caleta de Fuste both during the day and in the evening via the foot and bicycle path along the coast (lighting available). The advantage of Costa de Antigua is that it is close to the large supermarkets such as Lidl and Mercadona (1 km). Costa de Antigua itself also has a few small supermarkets, restaurants and cafes and a Pin Machine. Since it is only 2 km to Caleta de Fuste, you have all the facilities of the large resort within easy reach without being in the middle of it yourself. The Bouganville complex is 250 meters from the bus stop 2 And you can go to Caleta de Fuste / Salinas as well as to the airport and the capital Pto. del Rosario every half hour.

El Castillo & La Guirra Playas

At 2 km south of our apartment there are two large beaches where most people walk through the Paseo. Both are large family beaches with various facilities and activities:

- Del Castillo Caleta De Fuste find at 2.0 km
- Find La Guirra Caleta de Fuste Strand at 2.3 km

Paseo Av. Maritima

Via the coastal walking and cycling path you can walk within half an hour to the large beaches, marina and the center of Caleta de Fuste (2 km), along the way you will encounter many funny ground squirrels that are mainly supplied with peanuts by tourists. There is street lighting along the route so that you can still walk along the sea late at night.

🌴 Playa Natural de Las Caletillas.

Playa Natural de las Caletillas is a quiet beach where few people come and with enough space to enjoy the sun. Special circular stone walls ensure that you can lie in the shelter of the ever-present wind, it also gives you the private atmosphere as if it is your own place. Since there are no facilities on or at the beach, you can use the beach towels in the apartment. Trash bins are available on the beach. The beach is guaranteed to be quiet and you won't see large crowds of people. So nice and quiet. You can only reach this beach on foot. Walk in a northerly direction and follow the path along the garden center and you will automatically arrive at the entrance of the beach. (*note: no nudist beach*)

🏃 Fitness Jogging & Running Trail

In the vicinity of our apartment there is a training course where you can use cardio fitness equipment for free. There is, among other things, an exercise bike/bicycle, crosstrainer and arm and leg muscle equipment, etc. The walking route for joggers runs along the trail and via the Paseo Av. Maritima. It's nice jogging along the waterfront. (7km)
